

AI.GDPR ACCELERATOR

Managing Subject Access Requests in Office 365 just got easier

If you receive a Subject Access Request, you need to know what personal and sensitive information you hold about that person across your entire organisation...

And you need to respond within just 30 days.

AI.GDPR ACCELERATOR performs automated data identification and GDPR workflows across your Microsoft Office 365 platforms:

- › GDPR Compliance Dashboard
- › Subject Access Request Management Process
- › Automatically identify PII data
- › GDPR Policy Application
- › Record Data Breaches
- › Full audit, process tracking and reporting

COMPLIANCE, ACCELERATED.

Your Office 365 environment, enriched with GDPR functionality to make it easier to comply.

Benefits:

- › Requires no additional hardware or infrastructure
- › Minimal impact on day-to-day staff operations
- › Built into your existing Office 365 subscription
- › Deployed and active in minutes
